## Staged Right! Services

We offer a complete one-stop resource to help transform everyday spaces into homes with strong buyer appeal.

### **Our Complete Home Staging Services Include:**

- \* Optimal arrangement of furniture, artwork and collectibles
- \* Comprehensive décor and color recommendations
- \* Furniture rental
- \* Accessorizing with lighting, plants, linens, artwork and more, as needed
- \* De-cluttering, organizing and cleaning
- \* Preferred access to skilled trades including landscaping, carpentry, plumbing, electrical and painting for household repairs or minor renovations

**Staging Consultation** - Our staging professionals do a thorough inspection of your property. Then we present a comprehensive written report of our recommendations to get your home in top selling condition. This service will take 2-3 hours detailing room by room recommended design techniques to make your home more appealing to buyers.

**Partial Home Staging** - For those on a tight budget, Staged Right! will suggest which of the recommendations from our "Staging Consultation Report" can be completed by the homeowner, by Staged Right! professionals or a combination of both.

**Room Makeovers** - Are you tired of the way one of your rooms look? How about a quick and affordable fresh new look? By rearranging your existing furniture, artwork, lighting and accessories, and adding complimentary accessories, we can quickly create a refreshing new look in any room for a minimal cost.

**Color Consultation** - Just need to pick paint colors or figure out which pattern works best with your sofa? We can help.

**Personal Home Shopping** - Present us with your vision and desire for your home and we'll do the rest. We'll work with your existing furniture and accessories as best as we can. When we can't - we'll work with your desired budget and shop for accessories that meet your needs. Finally, we will visit your home and install the items.

**De-clutter and Organize** - Our professionals will de-clutter and organize any room in your house.

**New Homeowner Move-In** - Have you just moved into your new home and you're not sure where to put all of your "old" stuff? Let us help you. We'll make recommendations on furniture arrangement, hang artwork and get you organized.
